

# PRE-EMPT

All-In-One Soil & Media

- Citrus
- Vegetables
- Fruits
- Row Crops
- T&O
- Hydroponics

Coastal Fertilizer & Supply Inc.

Organic

Made in Florida

Non-Toxic

Hydroponic  
Compatible

Next Generation Technology

- Pre-Empt is a fermented colloidal molasses combined with a unique complex microbial package.
- Can be sprayed with herbicides, insecticides, fungicides, and nematicides.

**Directions for use:**

**Vegetables:** Apply 1 gallon per acre with spray program, 1 gallon in transplant water, 1 gallon weekly through drip irrigation system.

**Citrus:** Apply 1 gallon per acre with spray program.

**Row Crops:** Apply 1-2 gallons in bed and 1 gallon per acre with spray program.

**Sod:** Apply 1 gallon per acre every 2-4 weeks with spray program.

**Golf Course:**

**Fairways** - Apply 1-2 gallons per 100 gallons of water every 1-2 months.

**Greens** - Apply 1 pint per 5000 square feet with spray program.

**Hydroponic:** Test the EC of your source water using a high quality EC meter (check with Distributor). Add approximately 1-2 ounces of Pre-Empt per gallon of water or enough to raise your total EC by 1.0 EC for leafy greens, and 1.5 EC for vine crops. The lower the EC of source water, the longer the reservoir life. The pH will fluctuate using Pre-Empt. If using Pre-Empt as a stand alone product, no pH adjustment is required. We recommend a nutrient dose to incrementally add Pre-Empt on a daily basis and a float valve on top of water.

**Guaranteed Analysis:**

Calcium (Ca)	0.02%
Magnesium (Mg)	0.02%
Iron (Fe)	0.01%
Manganese (Mn)	0.01%
Zinc (Zn)	0.01%
Boron (B)	0.002%

**Non-Plant Food Ingredients:**

Molasses	25.00%
<i>Derived from fermented sugarcane molasses.</i>	

**Purpose:** To increase microbial activity and enhance nutrient uptake.

Derived from fermented sugar cane molasses.

**CAUTION:**  
KEEP OUT REACH OF CHILDREN  
DO NOT INGEST

TEST PRIOR TO USE FOR PLANT AND CHEMICAL COMPATIBILITY

**CAUTION:** Not recommended for use on tender leaf plants such as: Sweet Pea, African Violets, Japanese Maple, Delicate ferns, etc.

**STORAGE:** Avoid freezing. Keep container closed when not in use.

**DISPOSAL:** No special precautions. Dispose of according to state and local regulations.

**FIRST AID:** Irritation to eyes and skin. Always make sure sprayer is turned away from eyes. If irritation occurs, flush with water. If irritation persists, seek medical attention.
